

BIRTHDAY CELEBRATION EVENTS

Thank you for choosing Paint Pinot to host your Birthday Celebration Event. We are very excited to offer our venue and our amazing team to help make your event a memorable one.

If you have a small group less than 15 you can join our public sessions any time as long as there is room @ \$66 per person for the painting only. Food and alcohol is an additional cost.

If you have a group of 15 and less than 20, you can have our venue privately except for Friday and Saturday Night where we require a minimum of 20.

Once you have created your masterpieces and providing that there are no events scheduled after yours, please hang around keep partying and enjoy drinks from our bar.

Please note that food and alcohol is not included in this price.

It is a good idea to pre-select food so that all your request are covered.

Should you wish to order A La Carte on the day, then we certainly provide you with a menu of delicious share plates. Although, preselecting your food will always guarantee that we have your requests covered and timing of service, will be better organised.

It is really important that **everyone arrives at least 15 minutes early** to get settled and get their drink, so that we can commence the art activity on time. We are unable to allow extra time for late arrivals, as we often need to be setting up for the next event and our amazing artists are paid by the hour.

THE PAINTING SESSION PROGRAM

In most cases your painting session will run for 3 hours. We really like to highlight the importance of coming **15 minutes** early. This is so that you can get a drink, take the odd selfie, socialise and get settled. The beginning of our painting session is the most important time, as a lot of information about painting, our paint, and the image that you have chosen will be delivered. It is difficult for our amazing artists to repeat instructions for late comers and incredibly boring for everyone, that have made the effort to be on time. We also want to give you the opportunity to have as much painting time as possible.

You will generally get a drink from the bar to begin with and if you're a large group this can take time. You will also need to put on an apron to protect your clothes. Please be mindful of the clothes that you wear. If you have long flowing sleeves, you can easily drag your sleeves across the paint and our paint is top quality artist paint - beautiful to paint with, but not so beautiful to get out of your clothes.

The artist will go through some admin, generally about the paint and the painting process. He/she will then get you all started and make sure that you are all comfortable with the process of painting your chosen painting.

About an hour into our session, food will be served if packages have been organised. Please be mindful that if you are a large group, this will take time and not everyone may be eating at the same time.

We don't generally stop the painting process to eat, but sometimes the organiser of your event may have made other plans.

We generally finish the painting about 10-15 minutes early, to give you time to take pictures and the artist usually takes a group photo with your masterpieces. The paintings are then yours to take home.
