

## CHILDREN'S BIRTHDAY CELEBRATION

Thank you for choosing Paint Pinot to host your child's birthday celebration. We are very excited to offer our venue and our amazing team to help make your little angel's birthday a memorable one.

Included in the ticket price is a 2 hour painting session. This session is divided into 2 x 45 minute painting periods with a 30 minute break to eat in the middle. It is really important that all your guests arrive at least **15 minutes early**. Your little angels will be very keen to begin painting straight away.

Included in the price of the children's ticket is the painting materials, an artist guiding the session and food and drink for each child during the break.

We offer a selection of seasonal fruit and fruit juice.

Our minimum price for a birthday party is \$750 being for 15 children.

All additional children will incur a charge of \$50

Additional food can be pre-ordered 48 hours before the event.

Our painting birthday parties are suitable for children 7 years of age and over. We find that children under 7 years of age struggle to maintain concentration for the 2 x 45 minute painting segments.

We supply everything that is required for the painting session and our artists are comfortable with guiding your little ones.
